

TRECODER® Backpack

Forget cumbersome cans, jars, jugs...or however you're lugging marking materials through the woods. **TRECODER® Backpack it instead!** This convenient unit lets you take a full gallon of marking ink with you. Stay a lot longer, mark a lot further!

- Lightweight - only 6oz. tare weight and 8 1/2 lbs. fully loaded with a gallon of ink
- Rugged - ACMI's special impervious plastic gallon fits right into the heavy-duty, redesigned backpack
- Complete - 2" wide back strap, 4 ft. plastic tube to connect to the Spot Gun and unique belt/holster combination

Backpack Repair Service:

ACMI offers a repair service for older Backpacks, which includes a repair charge + parts. If interested, please inquire with Customer Service about our current repair charge. Unfortunately, without taking the Backpack apart we are unable to estimate the parts which will need to be replaced.
